Dear Supporter

The new membership year for The Australian Lung Foundation is upon us. Your membership will assist us in maintaining our momentum to assist the more than 6 million Australians impacted by lung disease.

Our mission

- promote lung health
- raise awareness of symptoms and impact of lung disease
- advocate for early detection and screening for lung disease
- provide advocacy, information and support to patients, their families and carers and our community
- facilitate research into lung disease

Our focus

The principal area of our activities includes lung cancer, orphan or rare lung disease, respiratory infectious diseases, chronic obstructive pulmonary disease, chronic cough and indigenous lung health.

Our requirement

We have a continuing requirement to raise funds throughout the year through a number of avenues. AIR LIQUIDE *Healthcare* is supporting us by providing you with a one (1) year complimentary membership. This will give you the opportunity to see the value of supporting The Australian Lung Foundation in the future.

Our 2008 Achievements

- Free Education Workshop in each state with guest speakers who are specialist in fields related to lung cancer
- Distribution of lung disease related education brochures
- Responded to ever increasing calls to our Information and Support Centre on our FREECALL number
- *LungNet News* distribution increased from 11,000 to more than 15,000 families and health professionals
- Provided support to more than 120 self-help patient support groups
- Launch of patient self-management guide and information brochure for those affected by COPD
- Hosted the bi-annual Australian Lung Cancer Conference (an educational and information forum for lung cancer specialists and allied health professionals)
- Won bid to host the 2013 International Association for the Study of Lung Cancer Conference in Sydney
- Advocated to state and federal governments on issues that impact patients with lung disease, their families and carers and our community
- Presented seven awards for research:
 - Roslyn Hogan Award—early detection of lung cancer
 - Webster COPD Research Award
 - Boehringer Ingelheim COPD Research Fellowship
 - John Read Award
 - Lung Cancer Post-graduate Award
 - Lung Cancer Under-graduate Award
 - Ludwig Engel Physiological Award
 - Slater & Gordon Asbestos Grant

Your support

We at The Australian Lung Foundation thank AIR LIQUIDE *Healthcare* as they assist us by providing you with a complimentary 2009 membership.

The Australian Lung Foundation receives no on-going state or federal government funding for our core activities and mission to enrich lives of the more than six million Australian impacted by lung disease.

We rely on memberships, fundraising events, project funding and the support and donations from private and corporate donors.

To ensure our records are correct, it will be appreciated if you would complete the 2009 Annual Membership section and submit the completed form.

I look forward to welcoming you as a new member of The Australian Lung Foundation.

Please feel free to contact us on email enquiries@lungfoundation.com.au or phone our FREECALL number 1800 654 301.

Your membership means that:

**Together, we can create awareness
Together, we can provide support
Together, we can make a DIFFERENCE**

Thank you again for your support of The Australian Lung Foundation.

**Dr Bob Edwards
Chairman, National Council**
