

AIR LIQUIDE Healthcare:

> Over 20 years of respiratory care experience worldwide

> 35 locations around Australia

With the dedication of our service team to ongoing patient care, AIR LIQUIDE Healthcare is leading the way in Respiratory Home Services.

Our Oxygen without Boundaries program is a unique, personalised solution for patients who know no boundaries: Truly Portable Medical Oxygen systems that will enhance your quality of life.

Take your oxygen with you wherever you go:

- an all-day outdoor music festival
- a sporting event, or
- a trip interstate to visit the family!

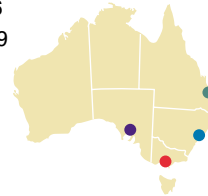

Please contact our branch offices and speak to our friendly customer service teams to learn more!

Portable Medical Oxygen Rental Program

Oxygen Without Boundaries

> Introducing Oxygen without Boundaries – A Truly Portable Oxygen Therapy Program

Oxygen patients can now experience total freedom and reclaim their mobility thanks to the unique Portable Oxygen program from AIR LIQUIDE^{Healthcare}. We empower you to get the solution you desire with a selection of equipment packages that can be rented or purchased at competitive rates. Experience the benefits of Oxygen without Boundaries today!

Truly Portable Equipment

Our equipment is the lightest on the market

- ✓ Equipment packages weigh 2 kgs
- ✓ Available with convenient carry-bags
- ✓ Provides mobility for up to 10 hrs

Flexible Rental Options

Our rental program is designed to meet your personal mobility needs

- ✓ Flexible terms: 1, 3 or 6 months
- ✓ Competitive rental rates
- ✓ Equipment trial available (up to 3 days)
- ✓ Purchase option available

Peace of mind

Our large network of service outlets can provide comprehensive support in Australia!

- ✓ Therapy support
- ✓ Equipment repair services
- ✓ Loan units during equipment servicing
- ✓ Oxygen equipment assistance for travelling customers
- ✓ Equipment approved by a number of airlines including Qantas, Jetstar, Virgin Blue plus international airlines.

3 EASY STEPS TO START

1. Review Prescription

Portable oxygen equipment uses “pulse dose technology”, and is suitable only for patients who can maintain adequate oxygen saturations on these devices. Please talk to your respiratory physician to find out if you are clinically suitable for this technology.

2. Select Equipment

‘B’ Size Portable Medical Oxygen Cylinder System:

- ✓ Small and Lightweight: Less than 2 kgs with OCD and carry bag
- ✓ Extends duration of use: up to 7 hrs at 2 LPM with an OCD
- ✓ No heavy trolleys

AirSep® FreeStyle™ Portable Medical Oxygen Concentrator:

- ✓ Smallest and lightest concentrator: only 2 kgs
- ✓ Extended power supply: up to 10 hrs at 1 LPM with external battery
- ✓ No heavy trolleys

3. Choose Your Package

‘B’ Size Portable Medical Oxygen Cylinder System:

The ‘B’ size medical oxygen cylinder can be rented on a monthly basis with a standard regulator, or with an Oxygen Conserving Device (OCD), which can extend the duration of use by 3 or 6 times. A lightweight and comfortable carry bag with optional back strap can also be rented for your convenience. Packages start from \$1/day.

Medical Oxygen Concentrator:

AirSep® FreeStyle™

We have designed three rental packages to suit your individual mobility needs. You will also receive great benefits by choosing one of our rental packages. NO DEPOSIT required! Packages start from \$11.60/day.
