

excAL by Air Liquide Healthcare

Excel with
excAL

excAL is our e-learning platform offering a flexible solution to traditional classroom learning, allowing your staff to learn at their own pace and refer back to the material whenever required.

excAL supports you with:

- Minimizing OH&S risks- enhance awareness of potential risks and hazards
- Improving regulatory compliance- in line with Australian standards
- Increasing the confidence of your staff when handling medical gases and equipment
- Gaining in efficiency and focus on patient care
- Cost savings - staff use the gas and equipment under the best conditions

excAL is a one-stop shop for all of your educational resources and our interactive learning modules can be used to obtain Continuous Professional Development (CPD) Points.

excAL provides users with the specific skills & knowledge required to safely & effectively use our products

Air Liquide
Safetyfirst
