Air Liquide
HEALTHCARE

DENTAL | MEDICAL GASES

Air Liquide is the world leader in gases, technologies and services for Industry and Health and is present in 80 countries. Air Liquide Healthcare is Australia's market leader in the provision of Relative Analgesia Equipment and services with over 20 years experience. It is the ONLY company in Australia who is a complete one-stop-shop for all your medical gases, equipment and training needs. Our RA solution includes:

Products and services

We provide both conventional cylinders with detachable regulators as well as oxygen cylinders with integrated regulator and flowmeters.

Cylinders

Relative Analgesia

Gas accessories

Resuscitation

Customised piping solutions

Experienced fitters ensure that medical gas piping systems are correctly installed. As part of our service, we specify, install, test and commission the cutting-edge technical equipment you need.

Integrated cylinders

TAKEO2™ and Prescence™ cylinders are a range of oxygen cylinders that come fitted with an integrated pressure regulator. These are exclusive to Air Liquide Healthcare and provide an ideal solution for safer and easier use of medical oxygen.

Equipment maintenance

Air Liquide Healthcare offers preventive and corrective direct maintenance of your medical gas dispensing equipment.

Our qualified team is ready to help you optimise and maintain your equipment, ensuring you are fully compliant with Australian Standards.
